Chintan D.

Lead Software Engineer | Full Stack Developer | Tech Lead | DevOps

---

Professional Summary

Highly accomplished and detail-oriented Senior .NET Full Stack Developer with **12+ years of expertise** in designing, developing, and deploying cutting-edge web applications. Strong background in **enterprise application architecture, front-end and back-end development.** Proficient in leading **cross-functional teams**, driving software engineering best practices, and optimizing system performance. Passionate about delivering **secure, efficient, and high-performance applications** while maintaining code quality and industry standards. Adept at integrating third-party APIs, automating workflows, and implementing cloud-based solutions using **Azure, AWS**, **and DevOps methodologies**..

Technical Skills

- **Backend Technologies:** C#, .NET Core, ASP.NET MVC, Web API, Dapper, LINQ, Entity Framework (EF) Core, SignalR, RESTful APIs, OData, Blazor
- **Frontend Technologies:** Angular (1+ to 15), React.js, React Native, Vue.js Redux, JavaScript, Next.js, TypeScript, jQuery, AJAX, HTML, CSS, Bootstrap, Telerik Kendo UI, DevExpress
- **Cloud & DevOps:** Azure DevOps, AWS, CI/CD Pipelines, Azure Functions, Azure Service Bus, Azure Key Vault, Azure Blob Storage, Azure Active Directory, Docker
- **Databases:** MS SQL Server, PostgreSQL, MySQL, MongoDB, Azure CosmosDB, NoSQL
- **Testing & Tools:** Unit Testing (xUnit, NUnit, Moq), Integration Testing, Postman, Swagger, Git, Github, TFS, JIRA, Visual Studio, Avalonia
- **Third-Party Integrations:** Stripe, PayPal, SendGrid, Zoom API

Projects

Orisuun

Tech Stack: .NET Core 6.0, ASP.NET Zero, C#, Web API, EF Core, Swagger, Stripe, MS SQL

- **Key Contributions:**
  - Developed RESTful APIs and secured authentication with ASP.NET Zero.
  - Integrated **Stripe Payment Gateway**, reducing transaction failures.

Property Management System

Tech Stack: .NET Core, ASP.NET, PostgreSQL,JWT Authentication, AWS S3

- **Key Contributions:**
  - Developed backend API for managing **property listings, user profiles, transaction history**.
  - Implemented Authentication and Authorization using IdentityServer.

ReadySetConnect

Tech Stack: .NET Core, C#, ASP.NET MVC, Web API, EF Core, Azure Email, Zoom API, Kendo UI, SendGrid, Azure DevOps, RESTful API

- **Key Contributions:**
  - Integrated **Zoom API** for virtual sessions, increasing client engagement.
  - Implemented **Dependency Injection & Unit Testing**, enhancing maintainability.
  - Optimized DB queries, improving system performance.

Grizzly Bolt

Tech Stack: .NET Core, ASP.NET MVC, Windows Services, DevExpress, PayPal, GeoJSON, Open Layers, Azure Key Vault

- **Key Contributions:**
  - Developed **real-time mapping features** using Open Layers & GeoJSON.
  - Integrated **PayPal payments**.

EHR Solution – GeeseMed

Tech Stack: React, AWS,TypeScript, Redux, Web API (C#), SQL Server, OData, Bing Maps

- **Key Contributions:**
  - Implemented **Speech Recognition (SAS API)**, improving user efficiency.
  - Developed **Map Integration with Bing Maps** for healthcare location tracking.

Web Application for Dynamic Web Forms

Tech Stack: .NET API, C#, EF Core, LINQ to Object, HTML5, CSS, JavaScript, MS SQL

- **Key Contributions:**
  - Designed a **drag-and-drop form builder** using jQuery to enhance user experience.
  - Implemented multi-tenancy features to support different business use cases.

Klixters

Tech Stack: .NET Core 3.0, ASP.NET Zero, Angular 15, TypeScript, Ng2-charts, MS SQL, AWS

- **Key Contributions:**
  - Developed **Chat module using SignalR**, enhancing real-time communication.
  - Designed & integrated **video player**, improving engagement.

Gigarena

Tech Stack: .NET Blazor, Azure Functions, Azure Service Bus, Azure Blob Storage, Azure CosmosDB,

- **Key Contributions:**
  - Developed **Azure Functions & Service Bus**, reducing event processing latency.
  - Built **interactive Blazor web components**, increasing UI responsiveness.

Education

- **CDAC-ACTS, Pune**
  PG Diploma in Advanced Computing | July 2012 - January 2013 | **88.87%**
- **Pune University (MMCC, Pune)**
  Bachelor of Engineer - IT (BE) | July 2009 - June 2012 **| 93.45%**

On-Site Experience

- **Dubai & Abu Dhabi (UAE)**: 3 months of on-site experience for Employee Self Service (ESS) project implementation.
