Full-Stack Development Trainer (Golang)

Job Description:
We are seeking a skilled Technical Trainer with experience in Go (Golang) development and a passion for mentoring aspiring developers. The ideal candidate should have 2-5 years of experience in software development or teaching.

Roles & Responsibilities:

- Conduct hands-on training on Go (Golang) programming language and technologies.
- Develop structured training materials, exercises, and real-world projects.
- Guide learners in building applications using Go for backend systems, microservices, and more.
- Provide mentorship, debugging support, and technical assistance.
- Assess student progress through assignments, projects, and tests.
- Stay updated with the latest advancements in Go and related technologies.
- Conduct workshops, webinars, and live coding sessions.
- Adapt training methodologies to different learning levels and styles.

Technology-Specific Responsibilities:

- **Go (Golang)**: Teach Go programming fundamentals, concurrency, goroutines, channels, and error handling.
- **Backend Development**: Guide learners through building scalable, high-performance backend applications with Go.
- **Microservices**: Teach building microservices and RESTful APIs using Go.
- **Concurrency**: Demonstrate Go's concurrency model using goroutines, channels, and Go routines.

Requirements:

- 2-5 years of experience in Go development or technical training.
- Proficiency in Go, concurrency, and backend systems development.

- Strong hands-on experience with building high-performance systems and microservices.

- Excellent communication, presentation, and mentoring skills.

Preferred Skills:

- Familiarity with Go's ecosystem, including packages, testing frameworks, and build tools.

- Experience with cloud deployment (AWS, Google Cloud) and containerization (Docker, Kubernetes).

- Knowledge of Git, CI/CD pipelines, and Agile development practices.

- Experience with testing frameworks and best practices for Go applications (e.g., Go testing package, Testify).

Why Join Us?

- Opportunity to mentor and shape future developers.

- Dynamic learning environment with a passionate team.

- Flexible work options (onsite/remote).

- Competitive salary and career growth opportunities.

If you have a passion for technology and teaching, we'd love to hear from you! 🚀
