MOHAMMED UMMAR FARHAN

Mobile: 9652337951 **Email:** umarfarhan@myyahoo.com **LinkedIn:** linkedin.com/in/mohammed **Location:** Kurnool, India

CAREER OBJECTIVE

Passionate and skilled **Java Developer** with expertise in Java, Spring Boot and Hibernate, focused on building efficient and scalable solutions.

EXPERIENCE

Associate Engineer **2nd Sep 2024 – Present**

eAlliance Automation Private Limited

- Needed to steamline communication between microservices and MySQL database for a client facing application.
- Design a secure, low latency API gateway.
- Built RESTful APIs using **Spring Boot**, implemented **JWT authentication**, and used **Hibernate ORM** to reduce boilerplate SQL code by 40%.
- Improved query response time by **35%** and reduced database errors by **25%**.

Associate Engineer I **4th March 2024 – 31st July 2024**

PowerSchool India Pvt. Ltd

- Redundant API code across multiple modules increased maintenance overhead.
- Centralize reusable API logic.
- Developed a **generic API wrapper** in **Spring Boot** with **custom annotations** for logging and validation.
- Reduced code duplication by **60%** and accelerated feature delivery by **30%**.

TECHNICAL SKILLS

- **Programming Language:** Python, Java, Core Jave, C/C++, Ruby, C#, R, GoLang
- **Front-End Development:** HTML, CSS, JavaScript, BootStrap, React Js
- **Backend Development:** Java EE, Spring Boot, Servlets, JSP, Hibernate, Microservices
- **Server Framework:** Django, Spring Boot
- **Database Management:** SQL, MySQL, PostgreSQL
- **DevOps:** Git, GitHub, Docker

PROJECTS

IRCTC Backend Ticket Booking System April 2024 – July 2024

- Built a backend-focused ticket booking simulation system inspired by the IRCTC platform using **Advanced Java (Servlets & JSP)**.
- Implemented core functionalities such as **user authentication**, **PNR generation**, **seat allocation**, and **booking history tracking**..
- Ensured **data validation**, **session tracking**, and **secure login/logout mechanisms** using HttpSession and cookies,
- **Built a user-friendly interface** using Java Swing/JavaFX for easy access to employee data and reports A considerable attention has been given to ensure user data privacy and data security.

E-Commerce Platform Oct 2024 – Nov 2024

- **Developed an E-Commerce platform** using Java (Spring Boot) that allows users to browse products, manage a shopping cart, and process orders
- **Integrated MySQL for database management** and implemented secure user authentication to ensure smooth transactions and data integrity.

EDUCATION

Bachelor of Technology in Computer Science & Engineering (CGPA : 7.17)

Rayalaseema University College of Engineering 2019- 2023
