Pragya Singh

7800082063 — pragyas9299@gmail.com — linkedin.com/in/pragya-singh-b5610318b

Summary — Backend Developer with 4 years of experience in developing and optimizing high-performance, distributed systems. Proficient in Golang, Cassandra, RabbitMQ, Docker, and Kubernetes. Skilled in contributing to complex migrations, enhancing system efficiency, and building robust infrastructure through strong system design principles and performance tuning.

Skills

Languages: Golang, JavaScript, C++
Frameworks: Gin (Go), REST APIs
Databases: Cassandra, Redis
Messaging: RabbitMQ
Tools: Git, Docker, Kubernetes, Prometheus, Kibana
Core: System Design, Microservices, Performance Optimization, DSA

Experience

Indiamart Intermesh **May 2021 - Present**
Senior Software Engineer
Previous Role: Software Engineer, Associate Software Engineer

API Migration & Optimization

- Led the migration of APIs, Cron jobs, and Consumers from PHP to Golang (Gin framework).
- Improved API performance: 60% faster response time, 45% lower CPU usage.
- Enhanced code maintainability and reduced development time by 30%.
- Ensured smooth migration with minimal downtime and user disruption.
- 30% faster response time by implementing Redis caching.

Resolved scalability issues

- Re-architected system to support pagination for catalogs with over 400 products.
- Reduced Cassandra writes by 30%, consumer process time by 40% by DB re-architecture.
- Resolved Cassandra partition size limitations and reduced load on the database.

Performance Optimization for High-Traffic

- Implemented multi-phase API optimizations (Response Key Reduction, JSON marshaling/unmarshaling optimization, and Response Cache), improving overall API performance by 40%.
- Implemented Redis caching, boosting API speed by 30%.
- Scaled the Go API to handle 100% user traffic by utilizing Kubernetes for container orchestration

Indiamart Intermesh **Jan 2021 – Apr 2021**
Intern - Frontend Developer

- Developed search functionality using ISQ, enabling users to search products, companies, and services. Implemented a backfill feature for improved user experience.
- Designed and developed dynamic forms for user inquiries, increasing user engagement by 20%
- Enhanced form security by implementing field validation and XSS prevention measures.

Education

Maulana Azad National Institute of Technology Bhopal (NIT Bhopal) **2017 - 2021**
Bachelor of Technology in Computer Science and Engineering (CSE) *GPA - 8*

MCIC Prayagraj **2014 - 2016**
Intermediate *Percentage - 88.8%*

Achievements

Emerging Star Of The Month **Jul 2021**
Pillar of Success of the Month **Nov 2023**
Best Performer of the Month **Jan 2024, Apr 2022, May 2024**
