Shaily S.

Senior Software Developer

PROFESSIONAL SUMMARY

Senior Software Developer with **7+ years of experience** building scalable, secure web applications using **.NET Core, ASP.NET MVC/Web API, Entity Framework**, and modern frontends including React.js and Angular. Strong track record improving performance, hardening security, and leading delivery for enterprise systems. Experienced in building dynamic UI components using React.js and integrating with REST APIs. Comfortable across cloud (Azure, AWS), CI/CD (Azure DevOps), and high-traffic APIs.

TECHNICAL SKILLS

- **Programming Languages:** C#, JavaScript, TypeScript
- **Frontend Technologies:** Angular, React.js, jQuery, AJAX, HTML, CSS, Bootstrap, D3.js
- **Backend Technologies:** .NET Core, .NET MVC, ASP.NET Web API, Entity Framework, SOAP, Dapper, Blazor
- **Cloud & DevOps:** Azure, AWS (Lambda, S3, CloudWatch, Batch Jobs), Azure SQL Server, Azure Functions, Kubernets, Azure Devops, .
- **Database Management:** MS SQL, Microsoft SQL Server, MySQL, MongoDB (NoSQL), PostgreSQL, Cosmos DB, Redis (local)
- **Version Control:** Git, TFS, Github
- **Testing & Debugging:** Unit Testing (Jest, xUnit, NUnit, Selenium), Debugging Tools, Swagger
- **Reporting & Logging:** SSRS, Serilog + SQL
- **Software Development Tools:** Visual Studio, JIRA, Docker

---

PROFESSIONAL EXPERIENCE

Avidclan Technologies

Senior Software Developer (August 2017 – Present)

Key Achievements:

- Spearheaded multiple enterprise-level projects, improving application performance through code optimization and database query enhancements.
- Successfully implemented a Microservices-based architecture, enhancing application scalability and streamlining deployment processes.
- Led a team of developers, mentoring junior engineers and conducting code reviews to improve overall code quality and maintainability.
- Automated CI/CD pipelines in Azure DevOps, minimizing deployment failures and improving delivery efficiency.
- Developed a custom authentication system using IdentityServer4, strengthening application security and improving login reliability.
- Designed and optimized high-traffic APIs, enhancing response times and reducing server load.
- Migrated legacy applications to .NET Core and React.js to enhance maintainability and security.
- Collaborated with cross-functional teams, including UI/UX designers and DevOps engineers, to ensure seamless product development and deployment.
- Implemented real-time data visualization in React.js for analytics dashboards.

PROJECTS

GoolGoal Portal

Technology: .NET Core 6.0, IdentityServer4, SQL Server 2016, Entity Framework Core
Key Contribution:

- Integrated **Football APIs** to fetch live match updates.
- Developed RESTful APIs using **.NET Core** for match data.
- Implemented **secure authentication** using IdentityServer4.

Grizzly Bolt

Tech stack: ASP.NET MVC, Web API 2, Angular 4, D3.js, Windows Services, SQL Server 2014
Key Contribution:

- Created **Web API endpoints** for real-time data visualization.
- Designed **custom calendar controls** using JavaScript and jQuery.
- Developed an **interactive map module** using the OpenLayers JavaScript library.
- Built **forecast charts** using D3.js.

Branch desk

Tech stack: .NET Core API, Angular, MongoDB
Key Contribution:

- Analyzed and defined **database structures**.
- Developed **custom reusable Angular components**.
- Implemented **multi-tenancy support** for scalability.
- Participated in **requirement gathering & system analysis**.

EHR Solution

Tech stack: ASP.NET MVC 4 (C#), Dapper, PostgreSQL, Design Patterns, Thread Programming
Key Contribution:

- Conducted **requirement gathering** and developed key modules based on client needs.
- Developed an **advanced Speech Recognition feature** using **SAS API**.
- Implemented **optimized database queries** to enhance system performance.

EDUCATION

- **Master of Computer Applications (MCA)**
  CP Institute, Gujarat Technological University
  July 2015 – June 2017 | 79.66%
- **Bachelor of Computer Applications (BCA)**
  Lokmanya College, Gujarat University
  July 2012 – June 2015 | 63.92%
