Ompratap Singh
Java Golang Developer

Mobile No: +(91)- 9173733269
Email: singhompratap73@gmail.com

Objective

- Seeking a role where I can leverage my technical expertise, problem-solving skills, and eagerness to learn in collaboration with your team.
- Aspiring to contribute my skills and knowledge to a distinguished company, such as yours, to foster mutual growth and enhance both personal and organizational success.

Professional Summary

- Accomplished software development specialist with over **10 years** of expertise, specializing in end-to-end development cycles using Java and Golang. Proficient in various domains, including web-based applications, Spring Boot, Micro Services, Spring, Hibernate, Amazon Web Services, RESTful web services, JPA, Play2.6, OSGI, Docker, JMeter, Golang, Kubernetes, Helm Chart, Kafka, Terraform, OCP, IOT, PKI, Spark, Avro, and Drools.
- Possessing hands-on experience with Amazon Web Services, focusing on key services such as VPC, EC2, EBS, S3, RDS, Route53, CloudWatch, EKS, MSK, Ingress, ALB, and IAM.
- Having experience in working with Jenkins, CI/CD, Terraform, Docker, Kubernetes, and Kubernetes CRDs, docker swarm, docker compose, Blue/Green, Canary, Disaster Recovery, High Availability, Cloud Deployment.

Professional Experience

- Currently employed as a Software Development Specialist at **Amdocs**, **Pune** since July 2021.
- Previously served as a Senior Software Engineer at Smartek21 Pvt. Ltd, Pune from July 2020 to July 2021.
- Held the position of Senior Software Engineer at CitiusTech Healthcare Pvt. Ltd, Navi Mumbai from November 2017 to July 2020.
- Worked as a Java/J2EE Developer at Asite Solutions Pvt. Ltd, Ahmedabad from February 2015 to November 2017.

Academic Qualification

Degree/Examination	Institution/School	University/Board	SPI /Percentage	Year of Passing
B.E – (Computer Engineering)	Gujarat Institute of Technical studies	Gujarat Technological University	**7.43**	2014
H.S.C (Science)	Dwarkesh High secondary School	GSEB	**61.47%**	2010
S.S.C.	Bhavana High Secondary School	GSEB	**62.00%**	2008

Technical Expertise

Languages	Java, Golang, C, C++, Python, Terraform, Avro, Drools, SQL, No-SQL, YAML
Web Technologies	JSP, HTML, CSS, JAVA SCRIPT, JSON
Database System	MySQL, MS-Access, Microsoft SQL Server, PostgreSQL, MongoDB, Redis, Vector DB
IDE	IntelliJ, Eclipse, STS
Server	Apache Tomcat, JBOSS-Wild Fly, WebLogic, Apache Karaf, AKKA
Messaging server	RabbitMQ, ActiveMQ, Kafka, MQTT
Environment	CentOS 7, Ubuntu, Window Server 2012, Window 7/10, OCP, AWS, Azure
CI/CD Integration	Jenkins, Docker, Kubernetes, Groovy script, Helm chart, Ant, Gradle, Maven, SBT, Docker Swarm
Distributed/Developmentversion-control	Git, SVN, P4, GitHub, GitLab, perforce
Project management tools	Jira, Rally
Other Tools	Putty, SQL Server Management Studio, WinSCP, SVN, P4, Git Base, Collaborator, Oracle Virtual Box, Sonar Enterprise, Swagger, Soap UI,Postman, MSB, MS Next, MPDK

Experience Summary

[1] Application Name: iPAAS **Duration: July 2021 – Till now**

Summary: iPaaS (integration platform as a service) provides value. It's a fully-managed, cloud-agnostic service, specifically designed for communications and media service providers as they navigate the ever-growing integration requirements of theirdigital journeys. iPaaS is a modular cloud-based hybrid integration service, leveraging an agnostic, flexible and adaptable integration platform, enabling you to connect and integrate any endpoint seamlessly and efficiently, while reducing the burden of integration-relatedcosts

Main Technologies:

Golang, GIN, Java, Docker, K8s, Helm, AWS, OCP, Microservice, Spring, Drools, Spark, Avro, Kafka, Cassandra, PostgreSQL, AWS, Golang, MPDK Cloud Provision Platerform, MS Next, MSB (Microservice Builder), Azure Generative AI, Vector Search, Spring boot, Spring Cloud, Golang, Service Mesh, CI/CD, Drools, Tuxedo Server

[2] Application Name: Wallet Management **Duration: July 2020 – July 2021**

Summary:

Sequent delivers its patented technology to enable and secure mobile experiences in payments, financial services, loyalty and digital access to hard and soft assets. Sequent Platform fully secures account data, personal data, PII, Electronic Health Recordsand other credentials on mobile, wearable and IoT devices.

Main Technologies:

Golang, Cobra, Java, Docker, K8s, Terraform, CI/CD, Microservice, AWS, tokenization, IOT, MQTP

[3] Application Name: Centricity 360 [GE HealthCare] Duration: Nov 2017 – July 2020

Summary:

The GE Health Cloud (Centricity 360) is designed to be a scalable, secure, connected cloud ecosystem to help manage the volume,velocity, and variety of healthcare data. It is a web-based application used by Health care provider and patient. The application communicates with multiple archive system like CPAC, TPA, PACS etc. A health care provider can share patient case to another hospital with supported attachment files type like DICOM, PDF, text, etc. A patient can fetch own studies details from the archive system. Application has DICOM/NON-DICOM viewer integrated to view files from archive location.

Main Technologies: OpenJDK 1.8, Play 2.6, Wso2 5.5.0, Spring OSGi module, Apache Karaf, OSGI, Pac4j security library JWT, OIDC, Akka Server, HA Proxy, RabbitMQ, Spring Boot, Docker, JMeter, Linux based cloud, Docker,CI/CD, Microservice, Sonar Enterprise, Kafka, Golang, AWS.

[4] Application Name: Supernova Duration: Feb 2015 – Nov 2017

Summary:

Application development for document transfer from one location to another location. It is based on Buyer and Supplier setup document transfer with respective Protocol. If the incoming Channel type is FTP and outgoing is HTTP, so based on that, a document is picked up from FTP and validated with the respective node and converted to the supplier-definedformat and then the document is sent using HTTP. So Many Formats Support for Xml Conversion. In any format to respective supplier. To check whether this document has been sent or not, we check it in the Exchange Application.
Service-Mix is used for transferring the file and converting it to respective file in the respective format. This application isalso used for Mail and File Publishing.

Main Technologies:

Java, JDK1.8.0, Servlets, XML, XSL, DOM, Wild Fly 9.0, Spring, Service-mix

[5] Application Name: Exchange Duration: Feb 2015 – Jun 2017

Summary:

Application development for buyer and supplier with the ability to check document Send/Receive to the respective organization, manage document status and create a new setup for any Buyer and Supplier with a respective channel. Another Module is Catalogue for which we have support for different Supplier Catalogues for the same Buyer to enable the buyer to purchase any item and Create Orders. Based on that setup, the order is then sent to the respective supplierand the supplier in turn sends Invoice against this order. This whole cycle is notified to both the buyer and the supplier. If

there is some issue send/receive, then document Failure Notification is also sent.

Main Technologies:

Java, JDK1.8.0, Servlets, JSP, XML, XSL, DOM, Xalan, Struts

[6] Application Name: Adoddle Duration: March 2016 – Nov 2021

Summary:

Adoddle is Corporate Collaboration Cloud. It contains Document Management, Project Management, Sourcing, Procurement, collaborative BIM, Plugins, and The Science. Developed and work in Procurement based Project and Manage Buyer and Supplier Document.

Main Technologies:

Java, JDK1.8.0, OpenJDK 1.8, Servlets, XML, XSL, DOM, Xalan, Json, Apache Solr

[7] Application Name: Adoddle Field Duration: January 2017 – Nov 2017

Summary:

Adoddle Field mobile based an application which enables seamless project collaboration on the move. Sign in with your Adoddle account to access your tasks, files, forms, models and defects. Publish and share drawings, photos, and files ofany type and maintain access to the latest project information.

Main Technologies:

Java, JDK1.8.0, Spring Boot with JPA, Consul (as Service Discovery), RabbitMQ (as messaging server), FCM

PERSONAL PROFILE

- Gender : Male
- Date of Birth : September 13th, 1992
- Linguistic Proficiency : English, Hindi, Gujarati
- Interests : Watching Movies, Listing Song
- Strengths : Leadership skills, Teamwork, Individual Contributor, Problem Solving

I hereby affirm that all the information provided above is true to the best of my knowledge.

Date: **Ompratap Singh**
