WORK EXPERIENCE

Software Specialist
SAS R&D

04/2024 - Present *Pune*

Achievements/Tasks

- Working as lead developer, responsible for designing, developing, and debugging complex software solutions, while ensuring adherence to development.
- Mentoring junior developers and foster collaboration within cross-functional teams to drive technical excellence and consistent code quality.

Senior Softwre Engineer
SAS R&D

04/2022 - 03/2024 *Pune*

Achievements/Tasks

- Worked as a developer for design and develop high-quality, scalable software solutions, following R&D best practices and development standards.
- Collaborated cross-functionally with product managers, UI/UX designers, and fellow developers, to ensure alignment of implementation with functional requirements and design guidelines.

Software Engineer
SAS R&D

08/2017 - 03/2022 *Pune*

Achievements/Tasks

- Acted as an individual contributor in the development of multiple microservices from the ground up, ensuring scalability, reliability, and maintainability.
- Diagnosed and resolved complex bugs, provided ongoing support for existing functionalities, and participated in root-cause analysis to prevent future issues.

Research Fellow(Intern)
SAS R&D

07/2016 - 07/2017

Achievements/Tasks

- Independently designed and developed a robust application framework enabling seamless communication between Java and C++ services.
- Researched, evaluated, and implemented multiple existing algorithms and techniques for inter-process communication (IPC).

SKILLS

Golang | REST API | Microservices | Kubernetes | Docker | Git | JAVA | C++ | Skill | Swagger | PostgreSQL

EDUCATION

M.E. in Computer Engineering
Pune Institute of Computer Technology

06/2015 - 06/2017 *Pune*

B.Tech in Information Technology
Shri Guru Gobind Singhaji Institute of Engineering and Technology

06/2010 - 06/2014 *Pune*
